

To: FCCRe: NAB Petition 04-160

Dear Sirs:

I am an avid subscriber to XM Satellite Radio. I respectfully urge you to reject any attempt by the NAB to interfere with or to restrict the programming of this FEE FOR SERVICE radio. This obviously is NOT public access radio. The subscribers who PAY FOR XM Satellite Radio do so because of the variety and quality available to them that is not available elsewhere. This includes the new Instant Traffic & Weather service. The NAB is misdirected here and should be told so.

Sincerely,

Carl W. McCord, MD
